Metcam Introduces New Video Kiosk Design for AES Marketing (July 2006)

Metcam introduces a new video kiosk for use by American Exhibition Services Marketing (AES Marketing). The firm plans to carry the units to tradeshows all over the country and was seeking a design that was mobile and as light as possible. The kiosk features 2 video displays and two backlit add displays. It collapses to a cube that rides on a custom pallet.

New Kiosk Fully Assembled

New Kiosk Collapsed and Ready for Transport
