

## Metcam News

### **Siemens Certified Vendor (Item Updated April 21, 1998)**

On January 14, 1998, Metcam achieved 1997/1998 Certified Vendor Status with Siemens Telecom Networks (STN). To achieve certification, Metcam met rigorous requirements for Quality, Delivery and Service. In addition, Metcam is EDI active and is on the STN Ship-to-Stock program.

Metcam is one of only fifteen vendors certified in the entire Siemens Network Systems vendor base. Metcam was the first custom sheet metal fabricator to ever achieve Certified Vendor Status with STN.
