Metcam Receives Siemens Award (Item updated 10/04/00)

Metcam recently received the Siemens ICN 1999 Supplier Recognition Award. This award was presented to fewer than 10 vendors in Siemens ICN's worldwide vendor base. In presenting the award, the Metals Team recognized Metcam's, "Tremendous investment in facilities, equipment, and infrastructure to support its customers; Regular participation in cost cutting efforts; Consistent on-time delivery and quality; Excellent response to first articles and quick turns to support new product development; and development of a stocking program on high-volume Siemens parts, thereby reducing lead times and part shortages."
